ARTIST STATEMENT: Biography details – Nationality, education, shows etc. This should not exceed one paragraph. Some artists like to include this info but usually an explanation of the work is more interesting to viewers. Followed by an artist statement, which explains more about the concept of the work. This should also not exceed one paragraph.	I am a 15 year old artist currently living in the Netherlands. I am fully chinese and attending high school. I've been drawing and going to art classes since I was very young. Over the years I have set art aside here and there, and have been taking it more seriously the past few years. I definitely don't have a personal style yet, though I prefer bright and expressive colors. I also enjoy including floral and nature elements in my work.
